

Firestopping Pipe Penetrations

DATE: Monday, October 3rd, 2016 TIME: 1:40 pm

LOCATION: Room-212

GUEST SPEAKERS: Mr. Kevin Yong-Ping - IPEX

DESCRIPTION: Kevin Yong-Ping - IPEX, P.Eng. Regional Engineer. This presentation is designed to provide an unbiased 3rd party view on the basics of firestopping of pipe penetrations and how different systems perform in fire conditions. Review of OBC requirements for firestopping of Combustible and Non-Combustible piping, types of products, details such as: Annular space, FT ratings, Trade names, Mineral wool types etc...

BIOGRAPHY: Mr. Kevin Yong-Ping, Regional Engineer

Kevin Yong-Ping has been the Regional Engineer at IPEX Inc. since January 2015. His primary role is supporting the technical sale of thermoplastic piping by educating engineers, contractors and code officials on piping topics relevant to their field. He has presented at various OPIA chapters, local municipalities, the OBOA and the Plumbing Advisory Council. Prior to that he worked in the Firestop industry for 10 years for a Firestop manufacturer which has formed the basis for some of the topics that will be discussed in the presentation today.
