

Fire and Sound Control Solutions for Sustainable Habitat

DATE: Monday, October 3rd, 2016 TIME: 3:30 pm

LOCATION: Room-212

GUEST SPEAKERS: Mr. Robert Marshall - CertainTeed SAINT-GOBAIN

DESCRIPTION: Robert (Bob) Marshall - Explore current OBC and NBC fire and sound control practical solutions including Apparent Sound Control Transmission (ASTC). Review NRC research on innovative ASTC alternative code solutions and Case studies of Fire and sound control solutions for Part 9 secondary suites and Part 3 & 5 multi-unit buildings.

BIOGRAPHY: Mr. Robert Marshall, Building Science Manager

Bob Marshall is the Building Science Manager, for CertainTeed SAINT-GOBAIN and has over 35 years of experience as a specialist in predesign/design/construction of energy efficient durable building envelopes for all types of buildings. He worked as Large Buildings Manager for the MMAH Buildings Branch. Bob is founder of Cedaridge Services Inc. which successfully defended the Town of Ajax on a precedent setting BCC case on building envelope. He is co-author of the LEED Durable Building credit.

Bob develops long lasting repeat customer relationships and provides BUILDING CODES & ISO sustainable support services. Bob has been appointed to NRC's Standing Committee on Energy Efficiency in Buildings. Bob is Standard Council of Canada's appointed expert for ISO standards on Indoor Environmental Quality in the Built Environment.

Bob understands litigation and CODES. He was retained by the BC Ministry of the Attorney General as an expert on the \$1.5B Leaky Condominium Class Action, contributing to the Supreme Court's decision to dismiss the case. CertainTeed SAINT-GOBAIN has a vision for Sustainable Habitat and sharing our Building Knowledge to inspire the public and positively influence Codes & Standards.
