

Vegetated Roofs- Long Term Performance and Safety

DATE: Wednesday, October 5th, 2016 TIME: 1:40 pm

LOCATION: Shaw Centre-201

GUEST SPEAKERS: Dr Karen Liu - Xeroflor

DESCRIPTION: Dr. Karen Liu - What you should expect to see from a vegetated roof that is designed and built with sustainability and safety in mind.

BIOGRAPHY: Dr Karen Liu, Product Manager

Karen is the product manager for Bonar Xeroflor GmbH. She has been conducting green roof research since 2000 when she was a research officer at the National Research Council in Ottawa and led the green roof research team at British Columbia Institute of Technology in Vancouver. Liu established the first North American field facility dedicated to green roof research and conducted several field studies across Canada to study the climate sensitivity of the technology. She now focuses her work on product development at Xeroflor.
